

Hands-on Infrastructure Automation with Terraform on AWS

Alexander Savchuk

Configure development tools

AWS credentials

Step 1

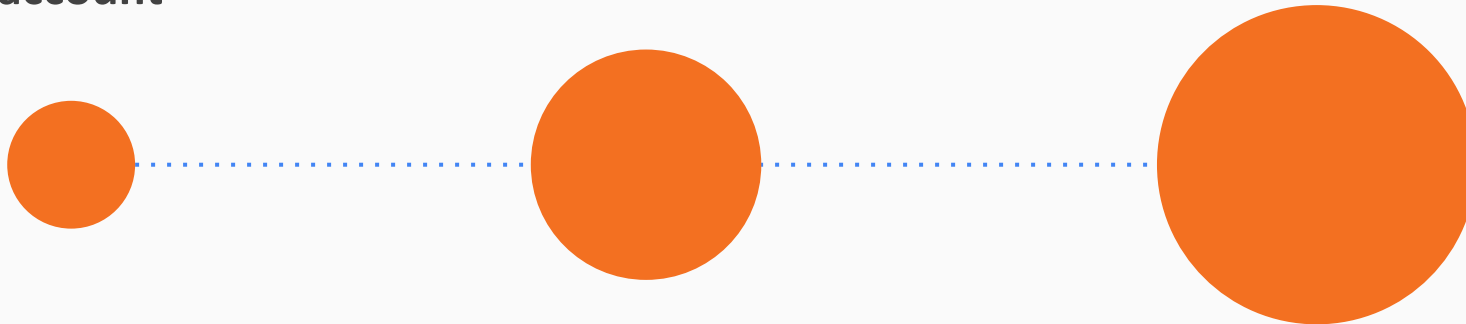

**Register and
confirm AWS
account**

Step 2

Create an IAM user

Step 3

Configure credentials
in AWS CLI

AWS free tier

Some AWS resources in this course may be not eligible for free tier, so will cost some small amounts of money.

AWS credentials

Step 1

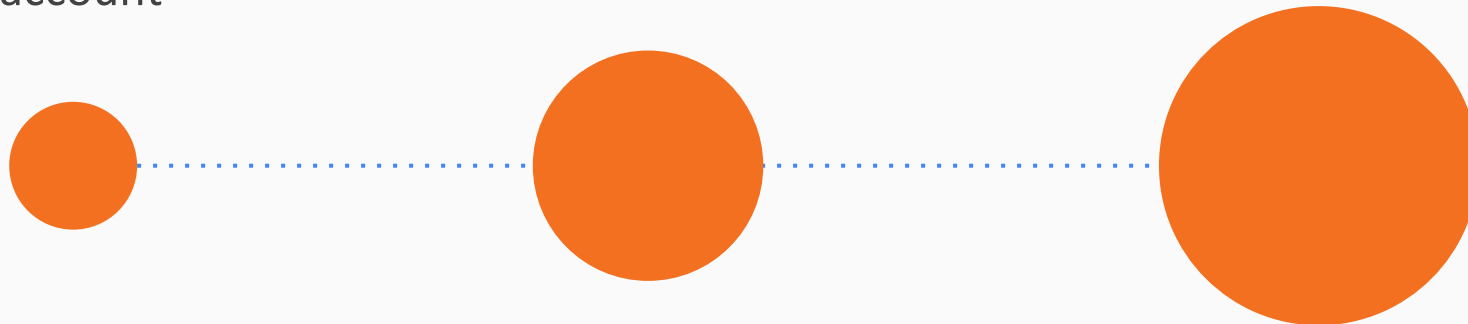

Register and
confirm AWS
account

Step 2

Create an IAM user

Step 3

Configure credentials
in AWS CLI

Protect your AWS
credentials!

AWS credentials

Step 1

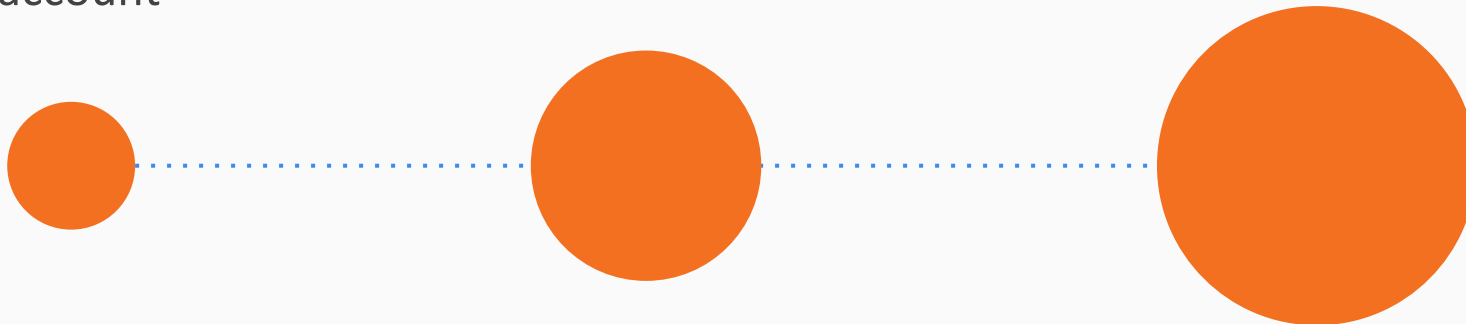

Register and
confirm AWS
account

Step 2

Create an IAM user

Step 3

**Configure credentials
in AWS CLI**

git

Configure git with username and email.

Visual Studio Code
